Introduction

Your complete Directory of Hospitals and guide to arranging treatment

One of the key benefits of a **your choice** policy is knowing you can choose where to receive private treatment from a wide range of hospitals throughout the U.K.

This Directory explains how to select a suitable hospital for your level of cover when you require treatment. Use it when you visit your doctor or specialist to help choose the most appropriate hospital for your treatment.

Listed are those private hospitals with whom we have developed partnerships, plus selected NHS hospitals with dedicated Private Patients Units (PPUs) or private services.

This Directory has been carefully compiled to offer you a choice of hospitals providing high standards of comfort and service. However, it does not comment on the quality of the care you might expect to receive whilst a patient.

Details are current as at the date of issue but CS Healthcare reserve the right to make any changes to the list by adding hospitals or by removing them to reflect legitimate cost increases or if a hospital fails in the opinion of the Society to meet acceptable standards of care, closes or becomes insolvent.

“ When making a claim, CS Healthcare provided us with outstanding support at a very difficult time. We certainly feel that our decision to choose you was an extremely wise one. ”

Mrs M James

Which hospitals are available to you?

This Directory is divided into three sections, Partnership hospitals, Extended hospitals and Diagnostic and Scanning Units.

Partnership hospitals *(page 10-21)*

These include a wide range of partnership and NHS hospitals from across the whole of the U.K. There is also a selection of London hospitals that specialise in cardiac and neurology services. These hospitals have been recognised as having reasonable charges and a wide range of facilities suitable for the Partnership hospital list. If you choose the Partnership level of cover, you are only able to select a hospital from this list.

Extended hospitals *(page 23)*

For those who wish to receive their treatment from a selection of more expensive London hospitals, the Extended hospital list may be more appropriate. If you choose the Extended level of cover, you will be able to select hospitals from both the Partnership and Extended lists.

Diagnostic and Scanning Units *(page 24-25)*

These specialist centres are available to both Partnership and Extended members. CS Healthcare has selected these centres because they provide a range of diagnostic scanning and other services at competitive rates. Other hospitals in this Directory may be able to provide these services, but not at such competitive rates. This may be important to those members with co-payment schemes who will be part funding their treatment. Where appropriate, we have highlighted key services and dedicated cardiac facilities in a separate column on each hospital list.

Best Value hospitals

Selected hospitals have been designated as 'Best Value' – these hospitals are identified in this Directory by this logo . 'Best Value' hospitals have been specially selected because they offer good value package rates for treatment.

By using these hospitals more often CS Healthcare is able to manage better the effects of medical cost inflation which may result in lower contribution increases to members in the future.

In recognition of the cost saving to the Society, if you use one of these hospitals for a pre-authorised admission you will be entitled to £75 cash back.

We have been able to negotiate inclusive package prices with these hospitals. The package will cover the cost of:

- Surgeon and Anaesthetists Fees
- All hospital charges
- Pre and post operative consultations

'Best Value' hospitals will be particularly attractive to co-payment members as the lower hospital tariffs will help reduce your proportion of the treatment costs.

Cancer Care

If you require cancer treatment and care, you may get referred to one of the many Cancer Treatment Centres (Oncology Centres) available through our Partnership and Extended Hospital lists. Another service available to you is Healthcare at Home, who specialise in delivering cancer treatments like chemotherapy at home in conjunction with your supervising Consultant. For further information on making a cancer claim please call the Claims Helpline on 020 8410 0440 and ask to speak to a Managed Care Adviser.

Choosing non-listed hospitals

In the event that you choose to use a hospital not on our lists or in an Extended hospital instead of one from the Partnership list, we will pay up to the costs of an admission for a procedure or medical case in a hospital which would have been available to you. Any additional costs will be your responsibility, this benefit is referred to as the 'out of band benefit'.

However, if you need to use a hospital which does not appear on the list because it is the only one that offers the necessary treatment you require, we will meet the cost of your eligible treatment subject to pre-authorisation.

A guide to the hospital groups

CS Healthcare works in partnership with many of the major hospital providers across the UK, giving you access to over 300 private hospitals. BMI Healthcare, Spire Healthcare, Ramsay Healthcare and Nuffield Hospitals all offer a national network of private hospitals many of which are included in our Directory.

- HCA hospitals are only listed in the Extended hospitals section of the directory and should only be considered by members who have Extended cover.
- Please note that BUPA Hospitals and Classic Hospitals now trade as Spire Healthcare.
- In 2008 Capio Hospitals were sold to Ramsay Healthcare and now trade under this name.

NHS and NHS Private Patients Units (PPUs)

PPUs are dedicated private wards or wings within an NHS hospital. Some NHS hospitals offer private services but do not necessarily have a dedicated private ward, however, these give members access to very specialised centres and care is often in a side room.

How to make a claim

If you need to make a claim, or would like to discuss a certain hospital with one of our advisers, please call our **Claims Helpline on 020 8410 0440**.

Who does my policy cover me to see?

Any Consultant/Specialist who is a registered medical or dental practitioner who holds or has held a substantive NHS Consultant post, or has a certificate of Higher Specialists' Training in the relevant speciality issued by the appropriate Royal College or General Medical Council in accordance with EU medical directives.

What qualifications should my Consultant have?

A Consultant who specialises in surgical procedures should have the letters FRCS (Fellow of the Royal College of Surgeons) after their name.

A Consultant who specialises in medical treatment should have the letters FRCP (Fellow of the Royal College of Physicians) after their name.

Additionally both of the above may have extra letters indicating their speciality. For example Urol indicates a Urologist, FRCOphth (Fellow of the Royal College of Ophthalmology), FRCOG a Fellow of the Royal College of Gynaecology, Orth: Orthopaedics, Plast: Plastic Surgery. Others will describe their speciality with a simple description.

Other Professionals

If you require the services of one of practitioners listed below you should contact the Health Professionals Council (HPC) to find out about how to choose a properly trained and skilled professional:

- Chiropodists and Podiatrists
- Dieticians
- Occupational Therapists
- Operating Department Practitioners
- Orthoptists
- Paramedics
- Physiotherapists
- Prothetists and Orthitists (not covered by your policy)
- Radiographers
- Speech and Language Therapists

Please note that certain titles such as Physiotherapist, Chiropractor and Osteopath are protected by Acts of Parliament. If an individual is not registered with the relevant organisations listed, they may be practising illegally. If this is the case CS Healthcare will not pay the claim. We therefore encourage all members to check their therapist's status before undertaking any treatment. For further guidance please contact the appropriate organisation or the Claims Helpline.

Contact the Health Professions Council at:

The Health Professions Council

Park House, 184 Kennington Park Road, London, SE11 4BU

020 7582 0866

Web page: www.hpc-uk.org

The Therapy & Care option also covers you for treatment by the following Practitioners:

For Manipulative Therapies

A Chiropractor who is registered with the General Chiropractic Council (GCC). You can contact the GCC on 020 7713 5155 or www.gcc-uk.org

An Osteopath who is registered with the General Osteopathic Council (GOC). You can contact the GOC on 020 7357 6655 or www.osteopathy.org.uk

For Complementary Therapies

An Acupuncturist who is registered with The British Acupuncture Council and holds a MBAcC qualification. You can seek the advice of your GP in finding a therapist or contact The British Acupuncture Council on 020 8735 0400 or www.acupuncture.org.uk

A Homeopath who is registered with either the Faculty of Homeopaths (part of the British Association of Homeopaths) or the Society of Homeopaths. The Faculty of Homeopaths can be contacted on 0870 444 3950 or www.trusthomeopathy.org. The Society of Homeopaths can be contacted on 0845 450 6611 or www.homeopathy-soh.org.

For Psychiatry or Counselling you are covered under the Expert Diagnostics option to see a Consultant Psychiatrist or Psychotherapist who holds or has held a substantive NHS post or holds a certificate of Higher Specialist Training in these given specialities issued by the Royal College of Psychiatry or the General Medical Council in accordance with EU directives or a Counsellor or Psychotherapist registered and accredited by the British Association for Counselling and Psychotherapy (BACP).

A Sports Therapist who is registered with The Society of Sports Therapists. You can contact them at The Society of Sports Therapists, 0845 600 2613.
